The participant will be provided with the book *Totally True*, and will be expected to read and study it during training. The training will include sessions on spiritual leadership, recreational leadership and safety, needs and differences in children, team building (challenge course), and responsibilities of leadership.

Each participant will have a service role on the support staff, but will also have opportunities during each day to assist in leading and working with the campers.

HOW TO ENROLL

To enroll in this program, you must request an application packet from camp.

The program is limited in enrollment. While each youth will have a great time, it is a time of switching gears to where it is no longer “all about me”... it is “all about others.” The camps senior staff will guide and mentor the young people through the training and the week of practical assignment. If the participant successfully completes the program, they will be considered for an opportunity to return for
